## Internal Audit Report of Financial year 2015-2016

### Section A: Audit Methodology and Approach

#### Audit Methodology

We have conducted the internal audit of Nagar Panchayat – Chanpatiya (West Champaran), for the year ending on 31<sup>st</sup> March , 2016 (as per TOR). We familiarized ourselves with N.P. documents, the internal guidelines and circulars applicable during this period under review. We also reviewed the working of the Nagar Panchayat and evaluated the accounting systems and related controls of the N.P. in order to plan and perform our audit.

We reviewed transaction from April 01, 2015 to March 31, 2016. Our objective was to check all transactions and to design procedures to detect omissions. We also applied procedures to assess the adequacy of the N.P. financial management systems, including internal controls for entire audit period. We applied necessary tests and controls, as we considers necessary under the circumstances.

During the course of our audit we reviewed the below mentioned documents and registers:

- General Cash Book for the period from 1<sup>st</sup> April 2015 to 31<sup>st</sup> March 2016 maintained manually in the N.P. ;
- Vouchers (Cash, Bank, Journal etc)along with supporting documents;
- Demand Collection Register
- Receipt Books
- Other necessary records and registers

The major observations, in respect of the Nagar Panchayat have been discussed with the Executive Officer & Accountant of the N.P.

#### Audit Approach

Our approach to the internal audit started with an overview of activities through a study and documentation of the existing systems and procedures. We then identified, evaluated and tested the adequacy, efficiency and effectiveness of internal controls including standard policies and procedures laid down by the management (where applicable), for each of the areas included in the Scope of Work.

Testing of internal controls was carried out by checking a sample of transactions for the period covered by the audit.

Apart from the test of controls and samples we also carried out various types of analytical reviews to understand as well as highlight unusual or significant trends in the income & expenditure.

Our observations, resulting from the audit tests performed on a sample of transactions, are set out under "Part-A, Part-B & Part-C" of the audit report and include our recommendations for addressing these observations.
